# GETTING READY FOR YOUR VIRTUAL CLASSROOM

## Download ZOOM App

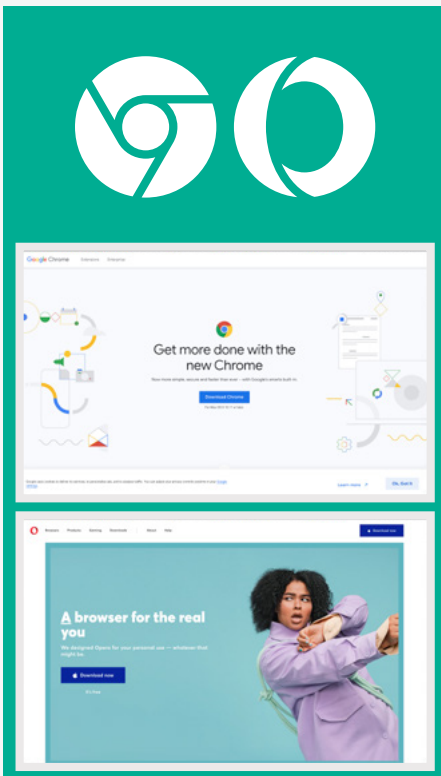

ZOOM is available as a free download for desktop, mobile or any smart tablets.

### How to join:

1. Click on the ZOOM Link provided.
2. Choose join via App or browser.
3. Set your audio and video once you join.

Have your ZOOM ready before the session to ensure a smooth login experience. If you need help, check with internal IT Support for help!

## Download Chrome or Opera (Browser)

We highly recommend all our clients to use Chrome (or Opera) browser as they go through the online learning without hiccups. Both browsers will work smoothly on Apple and PC.

### Available:

Both Chrome and Opera are available as a free download for desktop, mobile and smart tablets.

Try to avoid using Internet Explorer as it is not optimised for interactive online learning.
