

First Aid	
Scenario 4	Road Crash
<b>Location:</b>	Station tower or anywhere up against any structure (tree etc).
<b>Objectives:</b>	Demonstrate rescue, teamwork, response and first aid procedures
<b>Personnel and time frames:</b>	<p>Instructor x 2</p> <p>6 learners responding as a crew</p> <p>Live casualty x 2</p> <p>Time required:</p> <ul style="list-style-type: none"> <li>• Set up – 15min</li> <li>• Drill - 40min*</li> <li>• Debrief – 10min</li> <li>• Pack up – 5min</li> </ul>
<b>Details:</b>	<p>Entire team responds as a crew to a simulated road crash.</p> <p>Briefing and instructions provided en-route by the Officer in Charge (OIC), detailing a vehicle collision with 2 trapped casualties suspected of spinal injuries.</p> <p>Upon arrival, team finds two live casualties trapped in the vehicle, who are conscious and complaining of neck pain.</p> <p>Learners are expected to treat for spinal injuries and perform extraction using spinal immobilization techniques. Passenger condition to deteriorate &amp; require rapid extraction, driver extraction to be controlled &amp; deliberate.</p> <p>Drill concludes once casualties are safely moved to a simulated ambulance for handover, emphasizing the importance of proper casualty care and transfer procedures.</p>
<b>Benchmarks</b>	<p>Learners are to demonstrate to instructors:</p> <ul style="list-style-type: none"> <li>• Correct first aid application to casualty</li> <li>• Correct manual handling</li> <li>• Correct communication methods for changing conditions – verbal and non-verbal</li> <li>• Ability to give and receive feedback</li> <li>• Correct selection and use of PPE</li> <li>• Providing emotional support and reassurance to simulated victims</li> <li>• Identify and mitigate hazards</li> </ul>
<b>Additional instructions</b>	Ensure permission is obtained from OIC of BFS, and they are aware of scenario

<b>Equipment needed</b>	O2 Kits FA Kits Training Defibrillators 2 x Live Casualties Make-Up Kit Beer cans/bottles to simulate drink driving Training Vehicle KED Spinal Board Bus
<b>PPC</b>	Gloves, Glasses
<b>Safety</b>	<i>Refer to Risk Assessment **</i> Avoid running Slips, trips and falls ** Heat stress **
